

Judge Milk Frother (TC344)

There's no chance of a flat white with this.

Do you like your coffee frothy? Then Judge has the gadget for you!

Whether cappuccino, latte, hot chocolate, milkshake or babyccino is your beverage of choice, the new Judge Milk Frother can set you on your way to achieving café culture at home. With just the touch of a button, the compact device can turn hot or cold milk into a rich and creamy foam, ready for you to use as you will.

The 14,000 RPM motor works quickly and efficiently, taking away the time and effort associated with traditional frothers, working your milk into the perfect consistency in no time. The freestanding design is worktop-ready, so you can keep the device at hand and ready to use whenever the coffee monster calls!

It requires 4 x AA batteries, simple to use and easy to clean – Just rinse the blade under the tap after use – the Judge Milk Frother is your key to serving 'proper' coffee at home.

And at £12, it certainly works out cheaper than going out.
